Prof. L. Duchateau, Ghent University

IUC and capacity building

Investigating the impact of Gilgel Gibe dam

Multidisciplinary Research in Human & Animal Health, Agronomy, Forestry and Environment

Zoonotic and Animal Diseases

Trypanosomosis
Fasciolosis
GI nematodes
Mastitis
Animal nutrition

Child Health and Nutrition

Address malnutrition
by improving
complementary feeding

Environmental Health and Ecology

Aquatic ecology
Forest ecology
Environmental
health measures

Epidemiology and Modelling of Infectious Diseases

Biostatistics
Malaria vector ecology
Infectious disease epidemiology
Malaria
Schistosomiasis
TB
HIV/Aids

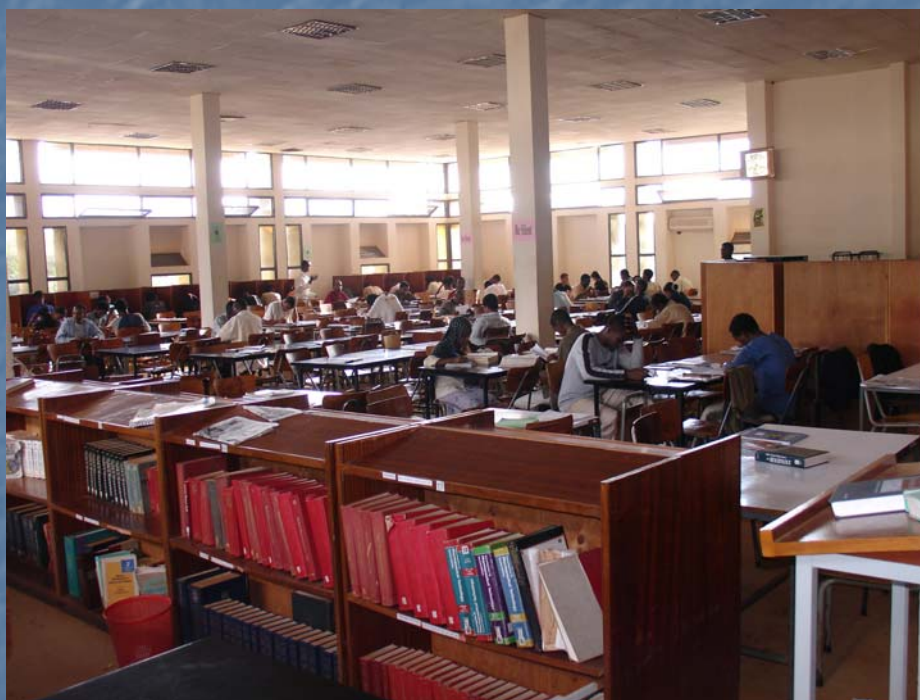

Soil Fertility

Improving land productivity
Extending lifetime of dam

ICT and Library

Enhancing ICT and
library services
for University and IUC

Research Coordination

Baseline survey
Socio-economic research
GIS and databasing

... as ready as we can be
